

My Dear Friends (Current Customers and Future Partners),

I have exciting news to share with you. Fine Designs, Inc. has recently been named as one of America's Fastest Growing Companies by Inc. Magazine. This honor was bestowed upon our company from out of the pool of over 27 MILLION registered businesses in the United States.

This recognition is a testament to the hard work of our regional offices and employees throughout America. However, it is even more important to point out that our continued growth and this consequent award is possible for one reason; OUR LOYAL CUSTOMERS!

Since 1994, our event partners have put their faith and trust in our company to enhance your respective events by offering quality event merchandise and consistent customer service. On behalf of Fine Designs, we thank you from the bottom of our hearts for your continued support. THIS AWARD WOULD NOT HAVE POSSIBLE WITHOUT YOU!

Please see the official confirmation letter from the Editor in Chief from Inc. Magazine below.

Sincerely,
Victor Kostroub
CEO, Fine Designs, Inc.

Dear Victor Kostroub,

Congratulations: your company, Fine Designs Inc, has made the 2010 Inc. 5000 list of the fastest-growing, private companies in America.

This achievement puts you in rarefied company, especially if you consider that over 27 million businesses are registered in the USA. The elite group you've now joined has, over the years, included companies such as Microsoft, Timberland, Visa, Intuit, Jamba Juice, Oracle, and Zappos.com.

In fact, many of today's most successful U.S. companies received their first national recognition when they appeared on the *Inc.* list.

This kind of accomplishment is truly worth celebrating. The 29th Annual Inc. 500|5000 Conference and Awards Ceremony will be held September 30 to October 2, 2010 at the Gaylord National Resort and Convention Center in Washington, D.C.

I look forward to congratulating you in person in Washington, D.C.

Sincerely,

A handwritten signature in black ink that reads "Jane Berentson". The signature is written in a cursive, flowing style.
